

Community Outreach

MD Anderson Cancer Center is committed to engaging the community in our mission to end cancer.

All programs and materials are free

Our programs teach people ways to reduce their risk, help students learn about careers in health care and educate patients and families about their cancer care. Topics include:

- Breaking down barriers to breast cancer care for Black women
- Breast cancer prevention for all women
- Cancer prevention overview
- Careers in health care
- Colorectal cancer prevention
- Healthy eating and staying active
- HPV vaccine
- Men's health tips
- Skin cancer prevention
- Vaping and smoking prevention for teens and adults
- Women's cancer symptoms

Exhibits

MD Anderson representatives provide cancer prevention information at health fairs and community events in the greater Houston area.

Print materials

MD Anderson offers print materials on a range of cancer prevention topics. Materials are available in English and Spanish.

Programs are offered online and in-person.

Schedule a program or order print materials.
