#### MDAnderson Survivorship – Bladder / Ureter / Renal Pelvis Cancer THE UNIVERSITY OF TEXAS Page 1 of 3

Making Cancer History®

Cancer Center Disclaimer: This algorithm has been developed for MD Anderson using a multidisciplinary approach considering circumstances particular to MD Anderson's specific patient population, services and structure, and clinical information. This is not intended to replace the independent medical or professional judgment of physicians or other health care providers in the context of individual clinical circumstances to determine a patient's care. This algorithm should not be used to treat pregnant women.

<sup>1</sup>Obtain if patient has continent diversion

<sup>2</sup> GCC should be initiated by the **Primary Oncologist**. If Primary Oncologist is unavailable, Primary Team/Attending Physician to initiate GCC discussion and notify Primary Oncologist. Patients, or if clinically indicated, the Patient Representative should be informed of therapeutic and/or palliative options. GCC discussion should be consistent, timely, and re-evaluated as clinically indicated. The Advance Care Planning (ACP) note should be used to document GCC discussion. Refer to GCC home page (for internal use only).

<sup>3</sup> See Physical Activity, Nutrition, and Tobacco Cessation Treatment algorithms; ongoing reassessment of lifestyle risks should be a part of routine clinical practice

Includes breast, cervical (if appropriate), colorectal, liver, lung, pancreatic, prostate, and skin cancer screening <sup>5</sup>Consider use of Vanderbilt's ABCDE's approach to cardiovascular health <sup>6</sup>Based on Centers for Disease Control and Prevention (CDC) guidelines

## **DEVELOPMENT CREDITS**

This survivorship algorithm is based on majority expert opinion of the Genitourinary Survivorship workgroup at The University of Texas MD Anderson Cancer Center. It was developed using a multidisciplinary approach that included input from the following:

## **Core Development Team Leads**

Ashish M. Kamat, MD (Urology)

### **Workgroup Members**

Olga N. Fleckenstein, BS<sup>+</sup> Katherine Gilmore, MPH (Cancer Survivorship) William Graber, MD (Urology) Thoa Kazantsev, MSN, RN, OCN<sup>◆</sup> Deborah A. Kuban, MD (Radiation Oncology) Christopher Logothetis, MD (Genitourinary Medical Oncology) William E. Osai, MSN, RN, FNP (Genitourinary Medical Oncology) Michael Roth, MD (Pediatrics - Patient Care) Raghu Vikram, MD (Abdominal Imaging)

Clinical Effectiveness Development Team
